To Whom It May Concern:

Re: Grayson Scantlebury

This is a letter of reference for Grayson Scantlebury. Grayson acted in the role of Class Representative for the past 12 months. Class reps shoulder the burden of bringing concerns forward that affect the whole class or taking information back to the class from school administrators.

The student body chooses the class rep and this leadership role has the student collaborating with management within the school. They liaise between the current VFS students and Program Managers and the Student Services Department.

VFS appreciates their contribution in building a strong student community.

Sincerely,

Liz McDonald
Manager, Student Services
